

INTERNATIONAL SERVICES

Gregg Drilling & Testing, Inc. (Gregg) is a specialized geotechnical and environmental drilling contractor. Gregg has carried out numerous site investigation projects at international locations including:

- Mexico
- Central America
- Caribbean
- Japan
- Diego Garcia

Cost-effective and efficient services for international assignments include:

- Cone Penetration Testing (CPT)
- Seismic CPT Testing
- Instrument Installation
- Specialized Geotechnical Testing
 - Pressuremeter Testing
 - Vane Shear Testing
 - SPT Energy Testing
- Marine Site Investigation

International work poses a unique set of risks and logistical challenges. Gregg's staff has the knowledge and experience to ensure these projects go smoothly. We have a thorough understanding of customs procedures in many locales and have cultivated a network of international resources to identify and mitigate potential problems before they impact project performance.
